Annual Report of the Teaching Section

The Teaching Section had 7 contributed papers and 2 posters at the meeting in Portland. In addition, the Section sponsored a symposium entitled "Using educational technology to foster learning centered pedagogies." Seven papers were presented in the symposium. Additionally the Section co-sponsored a symposium entitled "Scientific outreach for the next millennium" along with the Systematics section, ASPT, ABLS, and AFS. This year, the Teaching section is sponsoring a session with 10 contributed papers.

Members of the section continue to remain active in outreach activities of various sorts including the sponsoring of booths promoting plant biology at NSTA and NABT conventions.

Submitted Respectfully By,

Dr. Henri Roger Maurice,
Associate Professor and Chair of Biology,
Chair of the Teaching Section
