

2024 *Plant Science Bulletin* Editor's Report

1. General Information about *Plant Science Bulletin*

The *Plant Science Bulletin* continues to publish three times a year. Now in its 70th volume, the PSB continues to serve as the voice of the BSA and one of its strongest historical records.

All issues are available in print and both PDF and online flip-book digital formats. The current issue, the archive of nearly all previous issues, and the list of books available for review are available at <https://cms.botany.org/home/publications/plant-science-bulletin.html>. You can also reach the PSB website via a link on the BSA publications hub at <https://bsapubs.onlinelibrary.wiley.com/>.

Electronic manuscript submissions may be made to the Editor at psb@botany.org or, preferably, at mackenzietaylor@creighton.edu (until December).

2. Editorial Support and Regular Contributors

I want to especially recognize Rich Hund and Johanne Stogran for their significant contributions to each issue of *PSB*. I also thank Amy McPherson, Rob Brandt, Catrina Adams, Jennifer Hartley, and the rest of the BSA staff for editorial and website support. Finally, I thank the guest editors, authors, peer reviewers, and book reviewers who contributed over the past year.
