

## **BSA Southeastern Section Annual Report – 2019 – 2020**

Activities of the Southeastern section of the Botanical Society of America (BSA) were planned in conjunction with the annual meeting of the Association of Southeastern Biologists (ASB). The meeting was to take place in Jacksonville Florida in late March. Unfortunately, due to COVID19 the face-to-face conference was cancelled with no time to develop an online format (although abstracts were still published). The southeastern section decided to take a respite and use the year to build up the section's finances. We would like to keep giving out 'best talk' and 'best poster' awards at the Association of Southeastern Biologists meetings, as well as co-hosting a student mixer with the southeastern Appalachian Botanical Society (SABS), so a year to recover finances is likely wise.
